

FIGHT EMERGING ONBOARD THREATS WITH THE POWER OF **STERAMIST®**

Whether your vessel is large or small, microscopic threats can take hold and spread rapidly, quickly taking their toll on the health and experience of both customers and staff. With SteraMist® disinfection, your vessel can weather a wide variety of pathogens and stay seaworthy.

Utilizing ionized Hydrogen Peroxide (iHP™) - a non-caustic, chlorine and bleach-free aerosolized fog - SteraMist® treatments can effectively disinfect a facility at any time with TOMI™ Service Network providers.

Whether a routine or emergency disinfection, the SteraMist® Surface Unit can be deployed to disinfect surfaces from threats like coronavirus, which can survive on a surface for up to nine days

- The ultimate tool for elimination of bacteria & viruses such as **SARS CoV-2 Coronavirus, Staph, MRSA, Norovirus, H1N1, C. difficile, pseudomonas, and salmonella.***
- An effective broad-spectrum surface disinfectant.
- Goes above, beyond, under and around disinfecting sprays and wipes.
